

Science 37 Reports Inducement Grant Under NASDAQ Listing Rule 5635(c)(4)

January 6, 2023

RESEARCH TRIANGLE PARK, N.C., Jan. 06, 2023 (GLOBE NEWSWIRE) -- Science 37 Holdings, Inc. (Nasdaq: SNCE), the industry-leading Metasite™, today announced the granting of an inducement equity award under the Science 37 Holdings, Inc. 2022 Employment Inducement Incentive Award Plan (the "Plan"). The Plan was approved by Science 37's Board of Directors in November 2022. In accordance with NASDAQ Listing Rule 5635(c)(4), the award was approved by Science 37's Compensation Committee and made as a material inducement to the non-executive employee's entry into employment with the Company.

In connection with the commencement of employment, on January 6, 2023 options to purchase an aggregate 42,000 shares of Science 37 common stock at an exercise price of \$0.42 per share, which was the closing sales price of Science 37's common stock on the Nasdaq Stock Market LLC on the date of grant, were granted to a new employee.

The options have a 10-year term and a four-year vesting schedule, with 25% of the shares subject to the option vesting on the first anniversary of the grant date and the remaining underlying shares vesting in equal monthly installments until fully vested on the fourth anniversary of the grant date, subject to the employee's continued service with Science 37 through each applicable vesting date.

About Science 37

Science 37 Holdings, Inc.'s (Nasdaq: SNCE) mission is to accelerate clinical research by enabling universal trial access for patients. Through our Metasite™ we reach an expanded patient population beyond the traditional site and deliver the recruiting power of up to 20-sites-in-one with greater patient diversity. Patients gain the flexibility to participate from the comfort of their own home, at their local community provider, or at a traditional site when needed. Our Metasite is powered by a proprietary technology platform with in-house medical and operational experts that drive uniform study orchestration, enabling greater compliance and high-quality data. Cautionary Note Regarding Forward-Looking Statements

This press release contains certain forward-looking statements within the meaning of the federal securities laws, including statements regarding the products offered by Science 37, its sales pipeline and the markets in which it operates. These forward-looking statements generally are identified by the words "believe," "project," "expect," "anticipate," "estimate," "intend," "strategy," "future," "opportunity," "plan," "may," "should," "will," "would," "will be," "will continue," "will likely result" and similar expressions. Forward-looking statements are predictions, projections and other statements about future events that are based on current expectations and assumptions and, as a result, are subject to risks and uncertainties. Many factors could cause actual future events to differ materially from the forward-looking statements in this press release, including but not limited to: (i) the ability to maintain the listing of Science 37's securities on Nasdaq, (ii) volatility in the price of Science 37's securities due to a variety of factors, including changes in the competitive and highly regulated industries in which Science 37 operates, variations in performance across competitors, changes in laws and regulations affecting Science 37's business and changes in its capital structure, (iii) the ability to implement business plans, forecasts, and other expectations, and to identify and realize additional opportunities, (iv) the risk that Science 37 may never achieve or sustain profitability, (v) the risk that Science 37 will need to raise additional capital to execute its business plan, which may not be available on acceptable terms or at all, (vi) failure to realize anticipated cost savings, and (vii) the potential adverse effects of the ongoing global COVID-19 pandemic. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 filed with the U.S. Securities and Exchange Commission (the "SEC") on March 22, 2022 and in our other documents filed by Science 37 from time to time with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and Science 37 assumes no obligation and does not intend to update or revise these forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by law. Science 37 does not give any assurance that Science 37 will achieve its expectations.
